

## **AP33 Celviano Digital Piano**

### **Stereo sampled Dual-element ZPI sound Source**

A stereo-sampled dual-element ZPI sound source includes separate waveforms for strong key pressure and light key pressure, which accentuates the differences between the sounds produced by each. Multiple stereo samples are also taken of tones produced by an acoustic grand, from the low range to the high range. Notes remain natural sounding and realistic from the moment a key is pressed until the note decays, providing you with sound quality that is virtually identical to that of an acoustic grand piano.

### **Naturally Scaled Hammer Action Keyboard**

The keyboard is designed for a heavier feel in the lower range and a lighter feel in the high range, for a touch that is just like that of an acoustic piano. The keyboard does not use springs, and its action is provided by hammer weight for a truly authentic piano feel.

- 88 keys with touch response (3 sensitivity levels, off)
- 8 tones including pipe organ and string tones
- 5 Digital Effects
- Metronome
- Song Memory - 1 song, up to 2,500 notes, real-time recording

### **Specifications**

- 64-note polyphony (max)
- 16-channel multi-timbre MIDI
- Pedals: 3 (damper, soft, sostenuto)
- Slide type keyboard cover
- Size (W x D x H): 1,390 x 470 x 810mm
- Weight: 44.0kg
- EAN code: 4971850360896
